Our Dental Care Plans from just 29p per day!

The majority of our patients benefit from spreading the cost of their routine dental treatment and get the most from their dental care by joining one of our Dental Care Plans.

We work with Denplan to provide monthly payment plans tailored to your needs to help you budget for your dental care and receive regular preventative care to help you maintain a healthy smile for life.

Our Denplan Essentials care plans include:

- ✓ 90% of patients agree that being with Deplan makes it easier for them to look after their oral health
- ✓ All routine examinations and x-rays
- ✓ Between 2 and 4 Hygienist visits per year
- ✓ Family group discounts
- ✓ Priority appointments
- ✓ Emergency dental care
- ✓ Worldwide dental insurance
- ✓ Screening for oral cancer

Our Denplan essentials plans are available from £8.80 per month. Your dentist or hygienist will discuss your needs and options with you and recommend the plan that is most suitable for you.

We see a massive improvement in the dental health of our patients that are members of our Dental Care Plan. Regular preventative advice and care from Siobhan, our hygienist, means that patients need much less dental treatment in the long term

I was delighted my dental policy covered the injury to my teeth. It was a really worthwhile advantage to me and helped substantially with the cost of my implant

Jeanette, Dental 32 patient

My whole family have joined the plan at Dental 32 and it really helps getting the family group discount. Our son is away at university and it's great to know he can access a dentist through Denplan if he needs treatment when he's away

Mairead, Dental 32 patient

At Dental 32 we are highly committed to put your needs at the centre of everything we do. We will welcome you into a caring, professional environment where we will listen with respect and respond to your concerns.

I would recommend Dental 32 to all my family and friends.
Quick, efficient, professional and affordable treatment
